LUDHIANA

Aspiring software engineer with a strong desire to build a career in .NET development and Site Reliability Engineering (SRE). Currently developing foundational knowledge in C#, ASP.NET, and .NET Core, with a keen interest in creating reliable, high-performing software solutions

EDUCATION

CHITKARA UNIVERSITY	COMPUTER SCIENCE AND ENGINEERING CGPA=7.48. (2022-2026)
BHARTIYA VIDYA MANDIR	SENIOR SECONDARY EDUCATION(12th CBSE) Physics,Chemistry,Maths 80% (2022)
BHARTIYA VIDYA MANDIR	SECONDARY EDUCATION(10th CBSE) 82% (2020)

ACHIEVEMENTS AND CERTIFICATES

- Accathon-Building a Unicorn Coding Ninjas (1st runner up).
- Rotaract Club Member
- Certificate in Bootstrap
- Certificate in Python Basic
- IBM: AI Foundation for Everyone
- Certificate in MySQL

WORK EXPERIENCE

- Think Future Technology:Worked as a DATA RESEARCH ANALYST, conducted extensive data collection and preprocessing to support AI model training and development.Ensured data quality and integrity, addressing missing data, outliers, and inconsistencies.PROJECTS
- FOOD ORDERING WEBSITE(This Website simplifies the food ordering process. This System shows an user interface and update the menu with all available options so that it eases the customer work.)
- HOSPITAL MANAGEMENT SYSTEM(Developed using the MERN stack to streamline patient records, appointments, and staff management.)
- CREDIT CARD FRAUD DETECTION(Developed a Credit Card Fraud Detection system using NumPy and pandas to preprocess transaction data and Logistic Regression to classify fraudulent transactions.)
- HEART DISEASE ANALYSIS(Developed a Heart Disease Analysis project using pandas for data manipulation, Matplotlib and Seaborn for visualising correlations and trends, to identify key factors influencing heart disease.)

SKILLS & ABILITIES

Programming Languages: Python,Java

Database Management Systems: MySQL

Web Development: HTML , CSS, JavaScript

Libraries / Frameworks: Pandas, Numpy, Seaborn,Matplotlib

Machine Learning: Regression, Classification, Clustering, Neural Networks, Deep Learning

Soft Skills: Public Speaking, Leadership,Interpersonal Skills,Team Management
